

A VL real life claim example

# Associations Liability

## Inappropriate Advice

The Insured was an industry association. One of its member firms was involved in a personal grievance arising from the redundancy of an employee.

The firm lodged a claim against the Insured association alleging that an association employee had provided information and guidance to the redundant employee contrary to the interests of the member firm.

The allegations were substantiated and the claim was settled under the Professional Indemnity section of the policy. (The association employee was subsequently dismissed).
