

insuring clause

1. In consideration of the payment of the premium, in reliance on the written proposal and declaration (which shall be deemed to be the basis of this policy), and subject to its terms, conditions, exclusions, warranties and endorsements, Vero Liability Insurance Limited ("the Company") will indemnify the Insured for financial loss suffered during the Indemnity Period resulting from interruption to or interference with the Business. The interruption or interference must result from an Occurrence during the Period of Insurance in respect of which the Company has accepted indemnity under a Vero Liability Insurance Limited policy, either specified on the Schedule or subsequently agreed to in writing by the Company.

basis of settlement of claim

1. In the event of a claim the Company will pay the sum of the following:
 - (a) Loss of Gross Profit and/or Increased Costs:
 - (i) The reduction in the income that would normally have been earned during the Indemnity Period if there had been no Occurrence;
 - (ii) The additional expenses reasonably incurred during the Indemnity Period to avoid or minimise a reduction in income resulting from the Occurrence or to resume or maintain normal business activities;
 - (iii) An equitable allowance for any financial loss suffered for a maximum period of 3 months after the Indemnity Period ends because the Insured's stocks have been used to maintain income during the Indemnity Period;
 - (iv) The net loss resulting directly from the Occurrence, of collectable amounts owed to the Insured plus the reasonable costs incurred in establishing, tracing and recovering those debts;
 - (v) The reduction in value of undamaged stock, arising directly from the Occurrence, due solely to the Insured's inability to process or sell that stock normally, measured by the replacement cost of that stock, or if not replaced its market value, less any savings that can be achieved.
 - (b) Claims Preparation Costs:
 - (i) Costs reasonably and necessarily incurred by an accountant appointed or approved by the Company for the preparation of the claim.

From these amounts the Company will deduct any savings made during the Indemnity Period in the Business costs and expenses resulting from the Occurrence.

2. In assessing financial loss, the Company will make all adjustments which, in its discretion, fairly reflect trends, variations or other special circumstances in the Business, which would have affected the Business anyway either before or after the Occurrence. The aim is that the adjusted figures represent, as closely as is reasonably practicable, the financial performance of the Business which would have been obtained during the Indemnity Period but for the Occurrence.

limit of indemnity

1. In no case will the Company's liability exceed 90% of the sum insured in the Schedule and in the aggregate.
2. The maximum amount payable by the Company in respect of any claim is 40% of the sum insured during any 3 month period, or pro rata for different periods.
3. The maximum amount of any claim payable by the Company shall be 90% of the actual loss or 90% of the Limit of Indemnity whichever is the lesser amount. The Insured shall be deemed to be its own insurer for the remaining 10%.

exclusions

1. This policy does not apply to:
 - (a) fines, penalties or liquidated damages;
 - (b) the costs of repairing or replacing loss or damage to real or personal property, and the costs of rewriting and reconstructing the Business records not otherwise covered under this policy;
 - (c) financial loss normally covered under a Fire or Material Damage Business Interruption or Consequential Loss Insurance Policy;

context is done for, or in connection with, political, religious, ideological, ethnic, or similar purposes or reasons, including the intention to influence any government and/or to put the public, or any section of the public, in fear.

This exclusion also excludes death, injury, illness, loss, damage, cost or expense of whatsoever nature directly or indirectly caused by, resulting from or in connection with any action taken in controlling, preventing, suppressing or in any way relating to (i) and/or (ii) above;

- (f) any actual or alleged liability whatsoever for any claim or claims in respect of loss or losses directly or indirectly arising out of, resulting from or in consequence of, asbestos in whatever form or quantity.

2. "Year 2000 Conformity" means that neither performance nor functionality is affected by dates prior to, during, or after the Year 2000 and, in particular but without limitation, that:

 - 2.5 9 September 1999 must be recognised as that date.

The above definition of "Year 2000 Conformity" is based on a definition contained in a document published by Standards Australia and Standards New Zealand under reference no SAA/SNZ MP77: 1998 and shall be interpreted in accordance with that document.

- (i) liability arising out of any litigation in existence at the commencement of the Period of Insurance.

 - (a) a written statement setting out the particulars of any claim, together with reasonable supporting documentation;

13. If the Company instructs any lawyer to investigate or defend any claim against the Insured, the Insured authorises the lawyer to provide to the Company any documents, information or advice in respect of the claim, including in relation to indemnity; and the Insured waives any privilege to the extent necessary to give full effect to the Company's entitlement in this respect.
